ISO Box Shock Mount Racks

Your Solution for ProTools to Go...

ProCases, Inc. is proud to be the exclusive flight case manufacturer for the "ISO BOX[™] Shock Mount Rack". We are licensed by the inventors and patent holders, (U.S. patent no.6745149 issue 6-1-04), of this technology, **Sound Construction & Supply, Inc.** Do not accept any imitations, this is the real and authentic technology.

The "ISO BOX[™] Shock Mount Rack" includes these exciting features:

Revolutionary design reduces noise - Through years of extensive research & field-testing, the "ISO BOX[™] Shock Mount Rack" is the most advanced and user-friendly rack system available on the market today.

- The flight case meets and exceeds ATA specs with all recessed latches and handles.
- Includes 4" heavy-duty casters on a ¾" Birch plywood plate.
- 3/8" ply laminated construction on inner and outer shell with many choices of colors to choose from.
- Shock mount rack has 2" foam for extra strength and ruggedness.
- Front and back removable lids.
- Rear rack rails at industry standard 22" deep.
- Reduces ambient noise levels.
- Clear ¼" Lexan front door allows visual monitoring inside control room.
- Forced air-cooling system flows air at 250 cfm, exhausts quietly.
- Rear access doors make calibration & configuration a snap.
- Patented micro processor provides these fail-safe features: audible alarm, thermostatically controlled fans, easy read digital display shows intake/exhaust temperatures and fan status.
- Dual fan patented sound trap/ blower box/ parabolic.
- Diffuser provides true wide band pressure absorption.
- Lifetime warranty on flight case parts and manufacturing/One year warranty on all electrical components.
- Custom configurations available upon request.
