We are now stocking generic AIA plasma/LCD cases for 32", 42" and 50" display sizes. These cases are made of 9mm plywood construction. All recessed hardware: 12 handles, 4 latches. 4" heavy duty casters on a full caster board. Adjustable wall inside allows you to fit your display to the best fit. There are extra foam pieces to give a more tight fit. Detailed dimensional specifications are available upon request. These cases are in stock and ready to ship and come with our limited lifetime warranty.
